

Helping you with your journeys

Planned roadworks on England's major roads • **Central edition** • June to August 2010

This leaflet is one of three covering the whole of England.

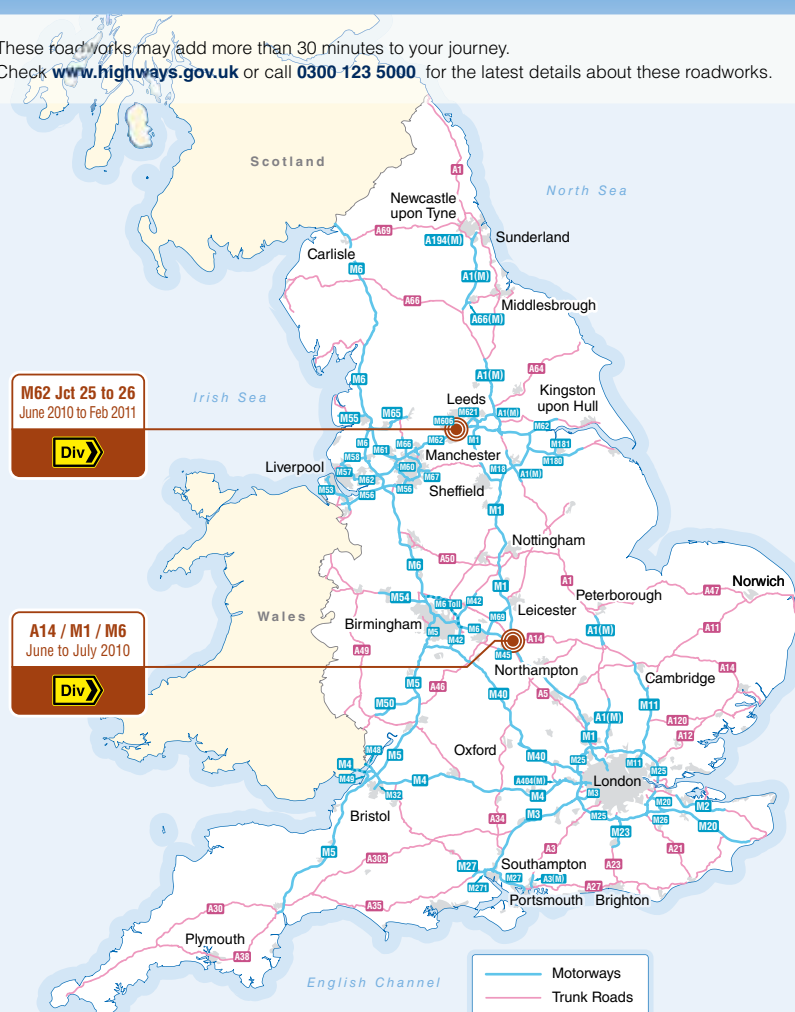

To receive a printed copy of this leaflet please call us on **0300 123 5000** or email us on ha_info@highways.gsi.gov.uk and tell us which ones you'd like.

Check the live traffic information for your holiday journey

Packing suitcases, keeping children entertained en-route and getting to your destination can easily be the most stressful time of a family holiday.

Major roadworks across England

These roadworks may add more than 30 minutes to your journey.
Check www.highways.gov.uk or call **0300 123 5000** for the latest details about these roadworks.

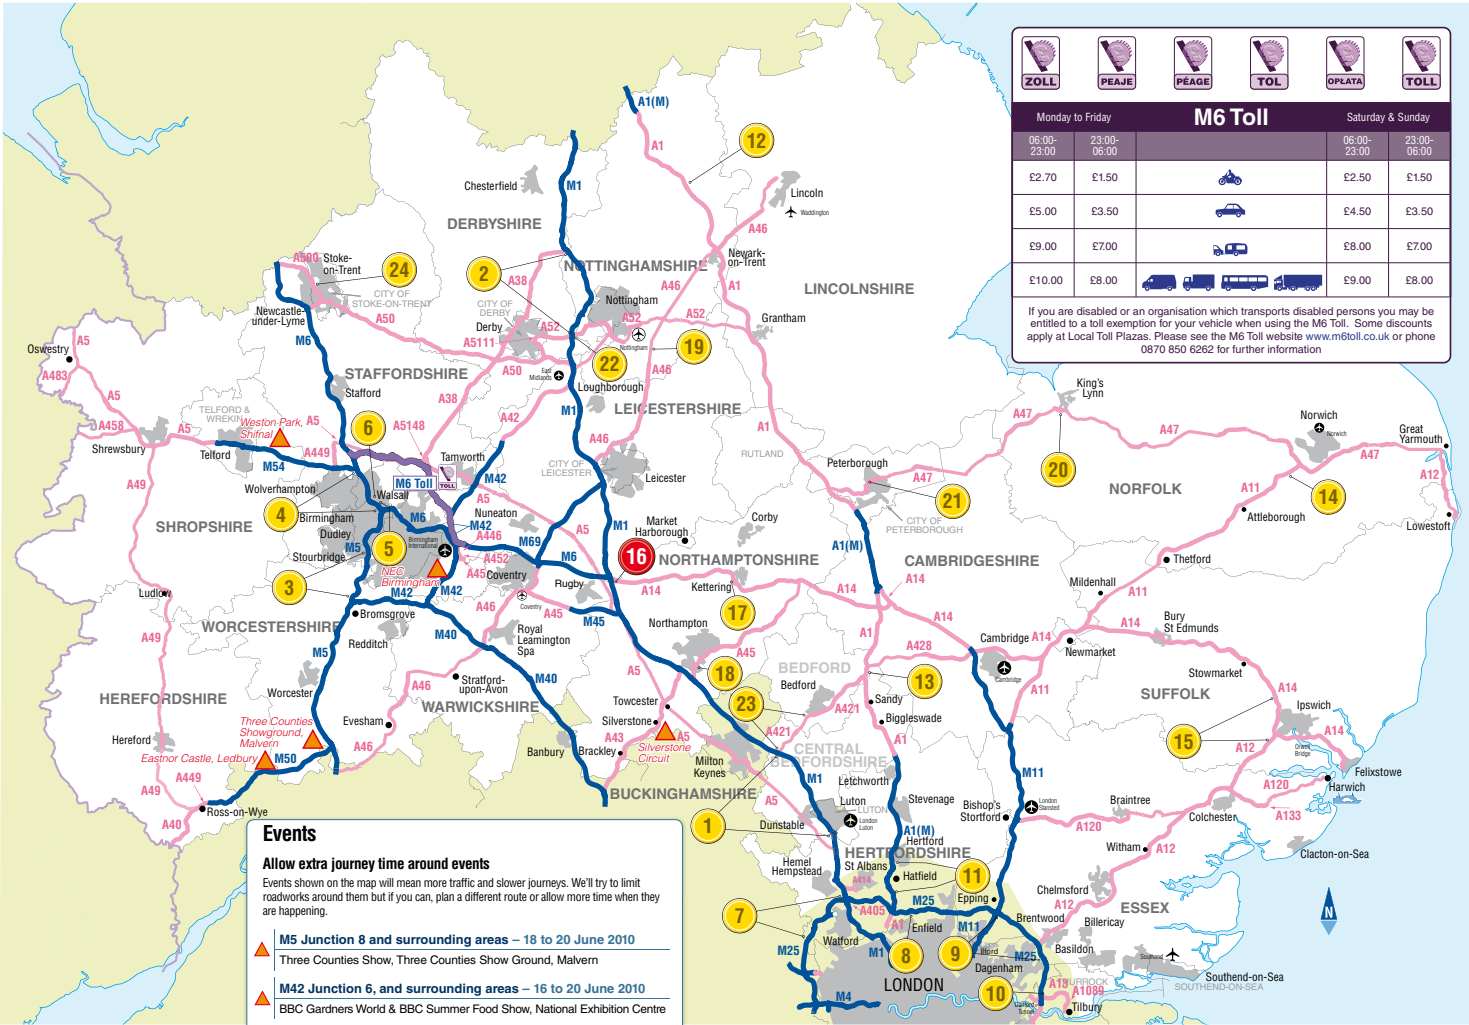

To help you on your way we have a vast array of technology monitoring traffic flow and you can easily check this information on our website, on your mobile phone or by listening to Traffic Radio.

The team in our control rooms keeps a watchful eye on your route and passes on vital information to help you plan your journey.

A few minutes checking the traffic and weather conditions before you set out and whenever you take a break, helps you to allow the right amount of time for your journey or sometimes to choose a different route.

Visit www.highways.gov.uk/traffic on your pc, laptop or mobile – or download our free app for your iPhone.

Remember: never use a mobile while you're driving

We hope this information will help you plan your journeys while we make some improvements. We may carry out some other roadworks too, usually at quieter times (10:00 to 16:00 or 19:00 to 07:00). This information was correct when it was produced but could change. If you would like the very latest information, please visit www.highways.gov.uk or call us on 0300 123 5000. This guide covers the roads we manage – motorways and trunk roads. Please contact your local authority if you would like to find out about other roads.

Helping you with your journeys

Your guide to roadworks in Central England - June to August 2010

On the map	Where?	When?	What?	Special Instructions

24	A500 Etruria to Porthill, Stoke on Trent both directions	June to July 2010	Resurfacing carriageway and associated works. Road closed 21:00 - 06:00.	Diversion

This is the sign for a 'contraflow'. It means that you may be travelling in narrow lanes with no permanent barriers between you and traffic travelling in the opposite direction. Also the hard shoulder may well be used as a lane for traffic. So please: • keep a good distance from the vehicle in front of you; • do not go faster than speed limits on the signs.

Speed limit (If no speed limit is given, please follow the usual speed limit for the road.)

Follow 'Diversion' signs
