section 3 your financial information for tax year 2008-09

Please give evidence for the tax year 2008-09. Normally, this is the year ending 5 April 2009, but may differ if your employer or business has a tax year which does not end in April.

For any income paid in a foreign currency, please state the equivalent in pounds sterling.

What if my income is less in tax year 2010-11 than it was in tax year 2008-09?

If the total income for your household (before tax) for the tax year 2010-11 will be at least 15% less than it was in tax year 2008-09, still complete this section.

From April 2010, it may be possible for the financial assessment to be calculated using the expected total income for your household in the tax year 2010-11 - a 'current year income assessment'.

- If you are completing this form before April 2010, please give brief details of the expected reduction in income on a separate piece of paper and enclose it with this form. We will then contact you for further information when we can fully assess your household's financial circumstances.
- If you are completing this form after April 2010, you can download a 'Current Year Income Assessment' form from www.direct.gov.uk/studentfinance and return it with this application or contact us on **0845 300 50 90** to have one sent to you.

Section 4 - your dependants

Notes

Academic Year

You should provide the child dependant's income for the academic year. The academic year is determined by when the student begins their study.

Student's study begins between

- 1 August 2010 and 31 December 2010 inclusive
- 1 January 2011 and 31 March 2011 inclusive
- 1 April 2011 and 30 June 2011 inclusive
- 1 July 2011 and 31 July 2011 inclusive

Academic Year

- 1 September 2010 to 31 August 2011
- 1 January 2011 to 31 December 2011
- 1 April 2011 to 31 March 2012
- 1 July 2011 to 30 June 2012

- a** The child dependant's income is required to assess the eligibility for the deductions in the calculation of household income for each child that is wholly or mainly financially dependent on the student, the student's husband, wife or partner or the student's parents or step-parents. You can find out more information about how household information is calculated in the booklet 'Higher education student finance - How you are assessed and paid'.

Please do not include income from sources such as the Government Child Trust, State Child Benefit or minimal sums of money from other sources when entering a child dependant's income.

Declaration

If you cannot sign this form, it must be signed on your behalf by your Power of Attorney. The Power of Attorney letter must be sent with this form before a signature from that Power of Attorney will be accepted.

Change of circumstances

You must notify the SLC about any change in your circumstances, which may affect the student's entitlement to financial support.

The most common change of circumstances would be if:

- your household income changes; or
- your marital status changes.

Information about data sharing for bursary and scholarship purposes

Universities and colleges will be offering financial awards such as bursaries or scholarships to their students. To help them administer these awards (i.e. to determine eligibility and entitlement to, and if relevant pay, a bursary or scholarship - "bursary administration purposes") they will ask the Secretary of State or Student Loans Company for access to information you provide in connection with any application for student finance for academic year 10/11 (whether on this form or at a later date).

We will share the relevant information with them, unless you indicate that you do not wish us to do so by ticking the box on the declaration. If you **do not** give consent for us to share this information, the payment of any bursary or scholarship to which the student(s) you are supporting may be entitled will be delayed.
