### **Important information about Consent**

You will see that we have asked you for your consent for the release of medical reports from your doctors as we may require further information. In addition, as a part of the investigation into your fitness to drive, DVLA may require you to undergo a medical examination or some form of practical assessment.

In these circumstances, those personnel involved will require your background medical details to undertake an appropriate and adequate assessment. Such personnel might include Doctors, Orthoptists at eye clinics or Paramedical Staff at a Driving Assessment centre. Only information relevant to the assessment of your fitness to drive will be released.

In addition, where the circumstances of your case appear exceptional, the relevant medical information would need to be considered by one or more of the Secretary of State's Honorary Medical Advisory Panels. The membership of these Panels conforms strictly to the principle of confidentiality.

All data held by DVLA is used for internal evaluation of the quality of our services.
